

Success Cases

The Memory and Tolerance Museum, Mexico

Uniview provided complete solution to reduce the rate of crime through installing 4MP UNV dome camera in the entrance. With the WDR function and other functions such as ROI (Region of Interest), digital noise reduction and 9:16 corridor mode, the safety level of museum was improved.

Sports Arena in Lazio, Italy

Uniview offered user-friendly IK10 vandal proof IR bullet with motorized lens to monitor all areas inside and outside of the building. It is much easier for security officers to quickly manage potential dangerous situations with the help of UNV products and solution.

Hilton Hotels and Resorts, UAE

Uniview provides all-weather adopted video surveillance solutions such as corridor mode, WDR and anti-corrosion. In addition, Uniview uses professional IP storage which is over 2PB to improve the level of data safety, and is capable of 90 days 7/24 high density mass data storage. UNV IP cameras and IP storage are able to provide standard protocol to work with 3rd party VMS.

California Tower, Hong Kong

Uniview adopted low light, smart IR, 120dB WDR and 3D digital noise reduction technology to easily provide high quality picture and avoid exposing important objects with details under the dark environment and high light contrast condition.

About Uniview

Uniview is a leading global manufacturer of professional video surveillance devices and solutions. As first to invent the network camera in China, Uniview has continued to bring cutting-edge technologies to the industry. Uniview provides complete product lines including network camera, network video recorder, storage, transmission, display devices and VMS. With integrated solutions for various industries including retail, healthcare, finance, transportation, industrial park, and more, we are committed to bringing better security to the marketplace for building a better world.
